

Licensed Practical Nurse, Operating Room Technician

Interior Health is one of six health authorities responsible for publicly funded health services in British Columbia. With over 18,000 employees and 1,230 physicians on our team, we are developing the future of health care through innovation and professional development.

Looking for an Enviably Work/Life Balance?

Personal time, career growth, meaningful work...the reasons are as diverse as you are. We recognize the need for growth and possibility in the workplace and invite you to consider the move of a lifetime, to the beautiful interior of British Columbia.

Our Health Service Areas are comprised of safe, friendly communities situated in a breathtaking "four seasons" playground with a wide range of activities to enjoy. Whether you're after an urban lifestyle or peaceful rural setting, you'll find it here. Immerse yourself in the arts and culture scene or take on recreational adventure with skiing, mountain biking, and fishing right outside your door, any day of the week. Imagine finishing your shift and having time for nine holes of golf? That's the kind of work/life balance we have in the Interior.

An Exciting Opportunity!

Come and be a part of Interior Health's exciting OR LPN initiative - diversifying and increasing the staff mix ratio for formally-trained LPNs to hospital operating rooms. Practical Nurses with OR Technician Certification have many opportunities to work in our care facilities including community, regional and tertiary sites.

Our Operating Room teams provide a diverse array of surgical services from trauma management to neuro, vascular and ortho. Be part of our pro-active staff mix diversification and service enhancement in our major hospitals in Kelowna, Vernon, Penticton, Kamloops, Cranbrook, and Trail. Or choose to work in more rural settings such as Fernie or Williams Lake, where the 'average day' holds a variety of general surgical practice opportunities.

Interior Health's OR LPNs function in the primary scrub and secondary circulator roles within our operating rooms. Experienced OR LPNs may also perform the primary circulating role with training and assessment.

Positions are available throughout Interior Health from full time to casual. Now is the time to join our team.

We Offer:

- Leadership committed to team work, empowerment, innovation, and quality
- Interdisciplinary colleagues who put our patients / clients at the center
- Learning opportunities for continued growth and focused skill development support
- Highly competitive wages, benefits, pension plan and relocation support
- A balanced lifestyle that allows you to be at your favourite recreational activity 20 minutes after end of shift

Interested?
